

## Tax Credit for an On-the-Job Training Period

Complete this form if you are an individual who carries on a business in Québec<sup>1</sup> or you are a member of a qualified partnership, and you are claiming a refundable tax credit for expenditures related to an eligible trainee<sup>2</sup> that were incurred within the framework of a qualified training period.<sup>3</sup>

If you had more than one trainee, you must complete a copy of this form for **each trainee**. If the training period includes May 1, 2022, you must complete a copy of this form for related expenditures incurred before May 1, 2022, and another copy for those incurred after April 30, 2022.<sup>4</sup>

If you are claiming the tax credit as a member of a partnership, complete Part 2 and Part 3 for each trainee of the partnership as if the partnership were an individual whose taxation year corresponds to the partnership's fiscal period. Also complete Part 4.

Note that if you are claiming the tax credit for a corporation, you will have to complete form CO-1029.8.33.6, *Crédit d'impôt pour stage en milieu de travail*, instead.

If you want to claim the tax credit, you must obtain either of the following documents within six months after the end of the training period:

- a certificate from the Ministère du Travail, de l'Emploi et de la Solidarité sociale or from the Kativik Regional Government, in the case of a trainee described in the text accompanying box 12 below; **or**
- a copy of form CO-1029.8.33.10, *Attestation de participation à un stage de formation admissible*, duly signed by a representative of the recognized educational institution,<sup>5</sup> in the case of a trainee described in the text accompanying one of boxes 13 through 16 below.

You need to keep a copy of the certificate issued by the Ministère du Travail, de l'Emploi et de la Solidarité sociale or the Kativik Regional Government, or form CO-1029.8.33.10, signed by a representative of the recognized educational institution. You do not have to file it with your income tax return, but you may need to provide it at a later date.

You must file this form with your income tax return. However, if for any reason you are unable to do so, you must send it to us no later than 12 months after the filing deadline for your return for the taxation year in question.

**Note:** You can use the amount of this tax credit to reduce the amount of any income tax instalments you are required to pay.

## Notes

1. You must be an eligible taxpayer within the meaning of section 1029.8.33.2 of the *Taxation Act*.
2. The term "eligible trainee" is defined in section 1029.8.33.2 of the *Taxation Act*.
3. A qualified training period is a period of practical training served by your (or the qualified partnership's) eligible trainee under your supervision or the supervision of one of your eligible supervisors (or the supervision of one of the qualified partnership's members or eligible supervisors).  
  
In the case of a trainee described in the text accompanying box 16 in section 2.1, job shadowing, introductory training, orientation and professional integration sessions are considered to be periods of practical training.  
  
In the case of a trainee described in the text accompanying box 14 or 15 in section 2.1, the training period is a qualified training period if:
  - it is followed by a formal evaluation by the recognized educational institution; **and**
  - the trainee is remunerated under conditions at least equivalent to those established under the *Act respecting labour standards*.
4. If, for a given week, a portion of the training period expenditures was incurred before May 1, 2022, and the remaining portion was incurred after April 30, 2022, **all** of the expenditures incurred for that week must be deemed to have been incurred before May 1, 2022.
5. The term "recognized educational institution" is defined in section 1029.8.33.2 of the *Taxation Act*.
6. The term "Native person" means a person who is an Indian registered under the *Indian Act* or an Inuit beneficiary under the *Act respecting Cree, Inuit and Naskapi Native persons*.
7. A disabled person is a person who is entitled to claim the tax credit for a severe and prolonged impairment in mental or physical functions.
8. An immigrant is a protected person, a permanent resident, or a temporary resident or a holder of a temporary resident permit.
9. Qualified expenditures in respect of a post-secondary trainee do not include expenses related to a week which follows the 32nd week of a training period of more than 32 consecutive weeks with the same eligible taxpayer or the same qualified partnership.
10. See note 4.
11. See note 4.
12. The term "salary or wages" refers to the income calculated under Chapters I and II of Title II of Book III of Part I of the *Taxation Act*, but does not include directors' fees, premiums, incentive bonuses, overtime compensation (other than remuneration related to a qualified training period), commissions or benefits referred to in Division II of Chapter II of Title II of Book III of Part I of the *Act*.  
  
If the conditions of the contract of employment of a trainee or supervisor do not allow the trainee's or supervisor's wages or salary to be calculated on an hourly basis, the amount thereof is deemed to be equal to the amount obtained by dividing the annual wages or salary by 2,080.
13. If the trainee's hourly remuneration changed during the period in question, enter the trainee's average hourly remuneration for the period.
14. The amount of the **federal Apprenticeship Job Creation Tax Credit** is not considered to be assistance or an inducement received from a government for purposes of calculating the Québec tax credit for an on-the-job training period.
15. See note 4.
16. See note 12.
17. If the supervisor's hourly remuneration changed during the period in question, enter the supervisor's average hourly remuneration for the hours recognized as devoted by the supervisor to the supervision of the trainee for the period (specifically, the hours on line 37).
18. See note 14.
19. The number of hours that a supervisor devotes to the supervision of a trainee **during a week** is equal to the **least** of:
  - the number of hours that the supervisor devotes to the supervision of the trainee during the week;
  - the number of hours obtained by multiplying the ratio between the number of hours devoted by the supervisor to the supervision of the trainee during the week and the total number of hours devoted to the supervision of the trainee by any eligible supervisor during the week by 10 (20 if the eligible trainee is a disabled person) or by 20 (40 if the eligible trainee is a disabled person), as the case may be (the factor 20—or 40 if the eligible trainee is a disabled person—applies in the case of a trainee described in the text accompanying box 16 in section 2.1, and the factor 10—or 20 if the eligible trainee is a disabled person—applies in all other cases); and
  - the number of hours of supervision of the trainee by a supervisor that are required by the recognized educational institution for the week, if the training period is served within the framework of an education program offered by a recognized educational institution (that number is equal to the ratio between the number of hours the supervisor devotes to the supervision of the trainee during the week and the total number of hours devoted to the supervision of the trainee by any eligible supervisor during the week).

The following rule must be taken into account in determining which of the three aforementioned numbers is the least: if, within the framework of a training period, a supervisor devotes an hour or part of an hour to supervising more than one trainee simultaneously, the time the supervisor devotes to each such trainee during the hour or part of an hour is equal to the ratio between the hour or part of an hour as 1 and the number of trainees.
20. See note 4.
21. Enter the travel expenses that you (or the partnership) incurred to receive a trainee enrolled in a prescribed program, provided such expenses are paid for a person other than the trainee (your employee, an employee of the partnership or a member of the partnership). Such expenses may be claimed if your establishment (or the partnership's establishment) where the person usually reports for work and the place where the person must go for the training period are at least 40 kilometres apart, and are not located in the same municipality or, if applicable, the same metropolitan region. In determining the amount of travel expenses, take into account the 50% limit applicable to expenses for food and beverages (section 421.1 of the *Taxation Act*) and the rules pertaining to the deduction of amounts paid as an allowance for the use of an automobile (section 133.2.1 of the *Taxation Act*).
22. See note 14.

23. **Expenditures incurred from March 26, 2021, to April 30, 2022, in a training period that began after March 25, 2021**

If you checked box 9, 10 or 11, or if the training period was carried out in an eligible resource region, enter:

- 25% if this is at least the third consecutive taxation year in which you are entitled to the tax credit for an on-the-job training period, and the qualified expenditures total at least \$2,500 and were incurred in respect of a trainee whose status corresponds to one of boxes 13 through 16 for the taxation years concerned or for the fiscal periods ended in those taxation years; or
- 20% in all other cases.

If you did **not** check box 9, 10 or 11, and the training period was **not** carried out in an eligible resource region, enter:

- 20% if this is at least the third consecutive taxation year in which you are entitled to the tax credit for an on-the-job training period, and the qualified expenditures total at least \$2,500 and were incurred in respect of a trainee whose status corresponds to one of boxes 13 through 16 for the taxation years concerned or for the fiscal periods ended in those taxation years; or
- 15% in all other cases.

**Expenditures incurred in a training period that began before March 26, 2021, or expenditures incurred after April 30, 2022**

If you checked box 9, 10 or 11, or if the training period was carried out in an eligible resource region, enter:

- 25% if this is at least the third consecutive taxation year in which you are entitled to the tax credit for an on-the-job training period, and the qualified expenditures total at least \$2,500 and were incurred in respect of a trainee whose status corresponds to one of boxes 13 through 16 for the taxation years concerned or for the fiscal periods ended in those taxation years; or
- 16% in all other cases.

If you did **not** check box 9, 10 or 11, and the training period was **not** carried out in an eligible resource region, enter:

- 20% if this is at least the third consecutive taxation year in which you are entitled to the tax credit for an on-the-job training period, and the qualified expenditures total at least \$2,500 and were incurred in respect of a trainee whose status corresponds to one of boxes 13 through 16 for the taxation years concerned or for the fiscal periods ended in those taxation years; or
- 12% in all other cases.

The **eligible resource regions** are the following administrative regions, regional county municipalities (RCMs) and municipalities:

- Bas-Saint-Laurent (region 01)
- Saguenay–Lac-Saint-Jean (region 02)
- Abitibi-Témiscamingue (region 08)
- Côte-Nord (region 09)
- Nord-du-Québec (region 10)
- Gaspésie–Îles-de-la-Madeleine (region 11)
- the Antoine-Labelle RCM
- the La Vallée-de-la-Gatineau RCM
- the Mékinac RCM
- the Pontiac RCM
- the municipalities of La Tuque, La Bostonnais and Lac-Édouard

24. If, for the taxation year covered by this form, you use more than one copy of the form to claim the tax credit for an on-the-job training period, add all the amounts on line 70 and carry the total to line 462 of your income tax return.
